PRESS RELEASE: Wellness Forum: “Elder Law: Simple Steps Towards Peace of Mind”

Attorney Michael Hatch will present a free WOW! Working on Wellness Forum entitled “Elder Law: Simple Steps Towards Peace of Mind” on Wednesday, September 13th at 2:30 PM at Trinity United Methodist Church, 100 South Blake Avenue, in Sequim.

Mr. Hatch’s goal in estate planning is to get loved-ones to talk with each other. As an old lawyer, he no longer believes that estate planning is primarily concerned with preservation of material wealth. Although assets preservation and passing on wealth to your heirs is important, he now believes that the most important aspect of estate planning is the enrichment of familial communications and love. “Good estate planning nurtures love within a family – poor estate planning leads to estrangement, isolation and the loss of that which is most important.”

For forty years Mr. Hatch has been practicing criminal, civil and elder law; negotiating and managing contracts for ITT and Bendix corporations; and he has taught university law classes.

From 1:45 to 2:15 volunteer nurses from the Clinic will be available to check the blood pressure of anyone who may be interested.

WOW! Working on Wellness is a health education program of Dungeness Valley Health & Wellness Clinic—Sequim’s free clinic. The Clinic provides basic urgent care and chronic health care services to uninsured community members. Our work is supported by more than seventy volunteers, including physicians, other professional health care providers and laypersons, as well as private and public donations from the Sequim community and beyond.

The Basic Urgent Care Clinic is open to patients on Monday and Thursday evenings beginning at 5:00 pm. Individuals interested in supporting the Clinic may call 360.582.0218.
